

RAKESH D

JAVA DEVELOPER | SPRING BOOT | REST APIs | POSTGRESQL | DOCKER | AWS | GCP

+91 8489942419 | rakeshdurai1711@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Java Developer with 3 years of experience in backend application development using Java, Spring Boot, Hibernate, RESTful APIs, PostgreSQL, and Spring Security. Experienced in developing secure REST APIs, database schemas, authentication and role-based access control, third-party integrations, and cloud deployments on AWS and Google Cloud Platform. Strong foundation in object-oriented programming, exception handling, database management, and software development practices.

TECHNICAL SKILLS

Programming: Java, SQL, OOP, Exception Handling

Backend: Spring Boot, Spring Security, Hibernate, JPA, RESTful Web Services, CRUD Operations

Security: JWT Authentication, Role-Based Access Control

Database: PostgreSQL

DevOps & Tools: Docker, Jenkins, SonarQube, Kubernetes, Maven, GitHub

Cloud: AWS Elastic Beanstalk, Amazon RDS, AWS Amplify, Google Cloud Run, Google Cloud SQL

Microservices: Basic knowledge of Microservices, Service Discovery, API Gateway, OpenFeign, Circuit Breaker

PROFESSIONAL EXPERIENCE

Java Developer | Arkitin Private Limited

3 years of experience including a 6-month internship and full-time Junior Java Developer role.

- Developed Spring Boot REST APIs, designed PostgreSQL database schemas, and optimized SQL queries for backend applications.
- Implemented JWT authentication and role-based access control to secure application endpoints and support multiple user roles.
- Deployed backend applications using AWS Elastic Beanstalk with Amazon RDS and managed frontend deployments through AWS Amplify.
- Deployed frontend and backend applications on Google Cloud Platform using Cloud Run and Cloud SQL with PostgreSQL.

PROJECTS

Recruitment & Project Management Platform

- Developed an end-to-end recruitment and project lifecycle management system with role-based access for candidates and company users.
- Implemented workflows for project creation, approval, budget sanctioning, offer management, user authentication, and account management.
- Integrated Twilio SMS OTP and Java Mail Sender for phone and email verification.
- Deployed the application on Google Cloud Platform using Cloud SQL (PostgreSQL).
- **Technologies:** Java, Spring Boot, Spring Security, Hibernate, Maven, RESTful Web Services, PostgreSQL, Docker.

Online Food Ordering & Subscription Platform

- Developed RESTful APIs for user registration, menu management, order processing, subscription handling, and account management.
- Optimized PostgreSQL database schemas for efficient storage and retrieval of user, order, and subscription data.
- Implemented order tracking and subscription renewal workflows and hosted the application on Google Cloud.
- Integrated Stripe for online payment and subscription management.
- **Technologies:** Java, Spring Boot, Spring Security, Hibernate, RESTful Web Services, PostgreSQL, Docker.

EDUCATION

B.Sc. Computer Science | Bharathidasan University | 2019 – 2022 | 7.2 CGPA

HSC | Govt Hr Sec School, Karur | 2017 – 2019 | 71%

CERTIFICATION

Full Stack Developer – QSpiders

LANGUAGES

Tamil, English
